

More Than  
a School,

A Thoughtful  
Beginning

THE OBEROI CREST  
SCHOOL builds on  
the trusted legacy of

Sunshine Creative School, symbolising aspiration, growth, and excellence. Launching from a new purpose-built campus in 2027, the school offers a CBSE-aligned curriculum that blends strong academics with holistic development. Our approach nurtures confident, capable and future-ready learners.

# Begin

Your Child's Journey  
With Confidence

2026-2027

Child-first

Future-focused

A School  
Designed  
for the World  
Your Child  
Will Grow  
Into

Where care, curiosity and confidence come together

## A connected learning experience that prepares children for real life

### Aligned with National Vision

Our learning programme is rooted in the National Curriculum Framework and NEP 2020, ensuring strong academic foundations, conceptual clarity, and future-ready competencies.

### Thoughtful Teaching Practices

Learning comes alive through well-planned lessons that blend proven pedagogical approaches from across the world, adapted to suit modern classrooms and diverse learners.

### Clear Learning Outcomes

Clearly defined learning standards guide teaching and learning across all subjects, balancing Indian educational priorities with global expectations.

### Rich Learning Resources

Carefully selected books, digital tools, and learning aids support meaningful engagement and help students achieve intended learning outcomes.

### Fair & Continuous Assessment

A structured and balanced assessment approach tracks progress, supports understanding, and encourages improvement rather than rote learning.

### Personalised Support & Intervention

Through continuous observation and assessment, educators provide timely diagnostic and remedial support, enabling every child to learn at their own pace.

## Pillars of TOCS

### AI-Native, Human-Led

Technology supports learning. Teachers guide it. Children stay at the center.

### Global Child Wellbeing Framework

Emotional safety, resilience, and mental wellbeing are part of everyday learning.

### Physical Intelligence

Movement, sports, health and active classrooms, every single day.

### 2040-Engineered Curriculum

Future skills, real-world projects and learning that adapts with time.

### Edupreneurship Foundation

Creative thinking, problem solving, financial awareness and leadership skills.
